I · THE ACCOUNT

Beneath Pinnacle Mountain, near Little Rock, lies what Archangel Metatron's Earth-Keeper transmissions call the Crysto-Golden Sun Disc — one of only two Sun Discs among the Twelve built of purely crystalline construct, the other resting in Minas Gerais, Brazil, each seated within the planet's largest deposits of quartz. On 11-11-11, Arkansas became the first of the Twelve to be “recoded,” triggering a wider awakening that completed its own re-formatting on 21 December 2012.

From Pinnacle Mountain, twelve satellite points are described as receiving its radiation across North America — from Denali to the Yucatán, from Mount Shasta to Bimini. Arkansas and Lake Titicaca are said to work directly together, the two exchanging the Temple Crystals of Atlantis across the whole hemisphere.

A second, unrelated tradition — Kryon's Nodes and Nulls — names the same region again, as a Node at Mt Ida and Hot Springs.

II · WORKING DISCERNMENT

In Peter's own working discernment, Arkansas carries the resonance of Aquarius, Progress and Strengthening, Mighty Aquarius — held as one of the strongest correspondences found among all Twelve.
