I · THE ACCOUNT

Sri Lanka holds a singular place among the Twelve: named in every list, yet the one entry given with no mountain, town or landmark specified at all. What is said of it instead is its role — Sri Lanka is described as the culmination of the Twelve-disc activation, the place where the perfected I AM, the Adam Kadmon blueprint, comes to its own completion.

Adam's Peak, sacred simultaneously to four of the world's great religious traditions and to the island's aboriginal Vedda people before any of them, stands as the strongest independent candidate for the precise location — offered as a possibility, not a confirmed identification.

II · WORKING DISCERNMENT

In Peter's own working discernment, Sri Lanka carries the resonance of Scorpio, Victorious Completion, Mighty Victory — the strongest sequencing claim found anywhere among the Twelve.

Each Sanctuary's fuller unveiling continues. More will be received, and added here, as it comes.
